## **Kings Highway/CR 620 to be closed for railroad crossing repairs beginning Monday in Woolwich, Gloucester County Detours necessary during construction**

**(Trenton)** – Kings Highway/CR 620 is scheduled to be closed and detoured beginning Monday between Ogden Road and the Woodstown Road/CR 605 Traffic Circle for railroad crossing repairs in Woolwich, Gloucester County.

Beginning at 7 a.m. Monday, May 20, until 5 p.m. Friday, May 24, Kings Highway/CR 620 will be closed in both directions from Ogden Road to Woodstown Road/CR 605 to remove and reconstruct the existing railroad crossing and approaches. Access will be maintained for local traffic. The following detours will be in place:

### **Kings Highway/CR 620 northbound Detour:**

- Motorists on Kings Highway/CR 620 northbound will be directed to turn right onto Oldmans Creek Road/CR 602 eastbound
- Turn left onto Woodstown Road/CR 605 northbound, back to Kings Highway/CR 620

### **Kings Highway/CR 620 southbound Detour:**

- Motorists on Kings Highway/CR 620 southbound will be directed to take the exit to Woodstown Road/CR 605 southbound at the traffic circle
- Turn right onto Oldmans Creek Road/CR 602 westbound, back to Kings Highway/CR 620

In order to provide safer and smoother railroad crossing, the existing crossing will be replaced with new concrete crossings and asphalt approaches. This federally funded project is included within NJDOT's railroad grade-crossing safety program which repairs, upgrades, or removes approximately 50 crossings each year, statewide.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for real-time travel information and for NJDOT news follow us on X (Twitter) [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) and on the [NJDOT Facebook page](#).
